Full job description

Job Summary:

WovV Technologies, Global Business Productivity SaaS company, is hiring Back End Web Developer for Permanent WFH/Remote/Chennai/Mumbai/Vadodara locations.

Skills – ASP.Net, XSS, RestAPI, SQL

Key Roles and Responsibilities:

- Server-Side Development: Create server-side logic and services using ASP.NET to power web applications
- Database Integration: Integrate applications with databases, design schemas, and ensure data security and efficiency.
- API Development: Build and maintain RESTful APIs for seamless communication between front-end and back-end components.
- Authentication and Authorization: Implement secure user access controls and data protection mechanisms.
- Performance Optimization: Optimize code and database queries for speed, scalability, and resource efficiency.
- Error Handling and Logging: Develop error handling, logging, and monitoring solutions for proactive issue resolution.
- Security: Apply security best practices to protect against vulnerabilities like SQL injection and XSS.

- Integration with Front-End: Collaborate closely with front-end developers to ensure seamless integration of server-side functionalities.
- Version Control: Use Git or similar tools for code management and collaboration.
- Testing and Debugging: Perform thorough testing, debugging, and code reviews to identify and fix issues.
- Scalability and Performance: Design scalable architecture to handle increased traffic and user loads.
- Continuous Learning: Stay updated with emerging web technologies and ASP.NET advancements.

Requirements:

- Bachelor's degree in Computer Science, Software Engineering, or a related
- Mid-weight back-end engineer to support the development of our BI dashboard.
- Experience building backend API features and endpoints
- Working in a containerized microservices environment and designing distributed systems using an API-first
- Experience with SQL databases (such as PostgreSQL) and other types of data stores

Perks and Benefits:

- Work from Home / Remote Working
- Flexibility in timings
- 5 Days working
- Team Outing
- Performance Bonus
- Employee reference bonus policy
- Exciting career path with an exponentially growing company
- Fun activities
- Deserving compensation
